After an opening kill sequence that bucks convention and suggests a much better movie, "Scream 6" grows tedious as it attempts to catch us up with the returning characters and introduce new ones. Here's the thing: the new characters just aren't that interesting. We grew to love Sidney and the original "Scream" survivors, but the characters of this new franchise are merely pale imitations of what came before. And none of them are very compelling, not even the Carpenter sisters. I suppose Sam's mental troubles — she's haunted by the fact that she's the

daughter of serial killer Billy Loomis — could amount to something, but there's just not much there. And while Ortega is having a big moment right now and her star is on the rise, Tara's entire characterization in these movies seems to be nothing more than "younger sister who is always in danger." To make things even more disappointing, the new characters introduced in this entry are so thinly sketched that they might as well have VICTIM or KILLER tattooed on their foreheads. To be blunt, these characters stink, and that makes it very hard to care about what happens to them as they run for their lives.
